MEMORANDUM FOR MR. REBER, CENTRAL INTELLIGENCE AGENCY

SUBJECT: Request for Establishment of TALENT Control Area

1. The following plan is proposed for the establishment of a TALENT Control and Processing Area at Headquarters, United States Air Forces in Europe:

a. TALENT products would be received and controlled by a TALENT cleared officer who is located in or adjacent to the USAFE SSO/Special Intelligence Area.

b. Products to be stored, when not being utilized, in a separate safe within the COMINT area or in an equally secure area, as necessary, in accordance with the provisions of the TALENT Control Manual.

c. The materials to be used only in compartmented areas to which the access of non-cleared personnel may be denied.

d. Major Chester G. Kiesel is designated as the TALENT Control Officer for Headquarters, USAFE, and all materials will be forwarded to this individual in such manner as to preclude their being opened by unauthorized personnel.

e. Colonel C. C. Rogers, Deputy Chief of Staff, Intelligence, USAFE, is designated as the TALENT Security Officer.

2. The following positions will require access to these products:

- a. Commander-in-Chief, USAFE
- b. Vice Commander-in-Chief, USAFE
- c. Deputy Chief of Staff, Operations
- d. Deputy Chief of Staff, Intelligence
- e. Director of Operations and Training, DCS/O
- f. Chief, Reconnaissance Branch, DCS/I
- g. Director of Air Intelligence, DCS/I
- h. Chief, Indications Div., DCS/I
- i. Chief, Analysis and Studies Branch, Indications Div., DCS/I
